

Cisco, Teams, and Zoom Solutions

Modern conference rooms need to be designed to cater to a wide variety of media and presenters from all over the world. It is very important in the current workplace to foster collaboration and flexibility.

Crunchy Tech can create a Cisco, Teams or Zoom environment and even implement all three into a state-of-the-art conference room.

CISCO ROOMS

MICROSOFT
TEAMS ROOMS

ZOOM ROOMS

Cisco Webex Room Kits and Crunchy Tech work seamlessly together to create flexible and top-of-the-line meeting spaces for every team utilizing the secure Webex platform.

Crunchy Tech has years of expertise with Microsoft Teams, and we even use it in our own office. Crunchy Tech can make Microsoft Teams work with any room our clients want to use.

Huddle rooms and larger conference rooms have many different video conferencing solutions now, and Zoom is a top contender. Businesses need a provider who understands Zoom solutions now more than ever.
