WHY USE CRUNCHY TECH?

Crunchy Tech is a premier audiovisual solutions provider. We design, install, program, commission, and support top-of-the-line systems that work with the complexities of any business needs.

With so many premier technology partners to choose from, our AV systems promote ease-of-use, long-term cost effectiveness, and upgradability.

Crunchy Tech also provides ongoing support for our AV systems through warranty and maintenance programs to ensure the system's usability and the client's satisfaction.

Quick, small meeting rooms, or “huddle rooms”, are key to employee collaboration and need to work reliably to not slow down productivity.

No more huddling over oddly-placed conference phones with a Crunchy Tech huddle room. We are experts in making sure everyone is heard, regardless of their position in the room.

HUDDLE ROOMS

BOARDROOMS

Boardrooms are the main centers for new ideas, discussions, negotiations, and important meetings.

These are the centerpieces of any corporate HQ and their executive teams.

Crunchy Tech designs these spaces to ease connection and help teams collaborate to do more.

TOWN HALLS

Town halls and communal areas are very important spaces in any corporate headquarters.

AV systems are key to ensure all hands meetings go off without a hitch and get the message across.

All hands meetings are a breeze with a Crunchy Tech town hall.
