CRUNCHY TECH

Hotel AV Solutions

UNMATCHED QUALITY

For hotels, the guest experience is everything.

Audiovisual systems are a key component for the overall guest experience, and it is important to go with an AV professional that is focused on flawless design and execution.

Crunchy Tech can help design, implement, and support breathtaking and cost-effective audiovisual systems for any hotel.

Our systems are focused on flawless execution, accuracy, and performance, all backed by world class support.

CRUNCHY TECH

Crunchy Tech is a pioneering technology firm based in Orlando, Florida. Founded in 2008, Crunchy specializes in end-to-end commercial AV integration, meeting spaces, digital signage, interactive experiences, and world class support.

Our services include all-in-one solutions to your technology needs, including system creation, development, management, and 24/7 technical support. Our goal is to give your organization a perfectly tailored system that is customized to fit your needs.

OUR PROCESS

IF YOU CAN DREAM IT,
WE CAN BUILD IT.

WHY USE CRUNCHY TECH?

Crunchy Tech is a premier audiovisual solutions provider. We design, install, program, commission, and support top-of-the-line systems that work with the complexities of business needs.

With so many premier technology partners our AV systems promote ease-of-use, long-term cost effectiveness and upgradability.

Crunchy Tech also provides on-going support for our AV systems through warranty and maintenance programs to ensure the system's usability and the client's satisfaction.

HOTEL LOBBIES

The lobby is the first impression that guests experience so it is important to wow guests with stunning audiovisual systems.

Crunchy Tech will help design the perfect hotel lobby along with helping to decide what equipment to purchase and will walk our clients through the entire process.

CRUNCHY TECH

HOTEL PA SYSTEMS

Hotel sound systems need to be very versatile since each floor and room might have diverse needs.

Having perfect levels of background music, and great acoustics for corridors and common spaces really enhance the guest experience.

Crunchy Tech specializes in multiple-zone audio and can design, install, and support top-of-the-line hotel announcement and sound systems.

BANQUET HALLS

Hotels have many areas that can generate revenue outside of actual room occupancy. Many hotels have their own internal banquet halls and convention spaces, and these rooms are key to bringing in larger meetings and supplementing hotel revenue.

Crunchy Tech can design, install, and support a top-of-the-line distributed audiovisual system for any banquet hall. These spaces can also have automation added for multiple screens, projectors, and in-ceiling speakers to simplify the experience for all users.

HOTEL MEETING SPACES

Hotel meeting spaces require robust solutions for employees and guests. For these rooms, Crunchy Tech can design the space with video conference functionality in mind to allow for easy collaboration between in-person and remote team members.

Do you need a camera that tracks the speaker across the room and auto-pans to the person speaking?

Crunchy tech can also help to design, install, and support a high-end system with complete automation and ease-of-use.
